<http://www.metalsnews.com/t1411276i>

The interview transcript is also available for download on the Company's website at <https://ramblermines.com/storage/properties/rmm-metals-news-july-2022-1657288277.pdf>

ABOUT RAMBLER METALS AND MINING

Rambler is a mining and development company that in November 2012 brought its first mine into commercial production. Rambler has a 100 per cent ownership in the Ming Copper-Gold Mine, a fully operational base and precious metals processing facility and year-round bulk storage and shipping facility; all located on the Baie Verte peninsula, Newfoundland and Labrador, Canada.

Rambler's focus is to regain its production profile at 1,350 metric tonnes per day at a targeted grade of 2% Cu in 2022 and evaluate expansion opportunities from that base.

Along with the Ming Mine, Rambler also owns 100 per cent of the former producing Little Deer/Whalesback copper mines.

Rambler is listed in London under AIM:RMM.
